Our meeting was held at the Saeger Middle School Auditorium in Cottleville and was a fun indoor fly-in.

We are working on putting together a First Aid kit to keep at the field.

Please remember that Dave Harrington has set up a way to order Spirits Merchandise online. They are printed here in the US and have about a 3-week lead time. The link is as follows:

Also...

It is the individual's responsibility (not the Club's) to ensure they carry their TRUST card from the FAA. As per the FAA, "All recreational flyers must pass an aeronautical knowledge and safety test and provide proof of test passage (the TRUST completion certificate) to the FAA or law enforcement upon request". More information can be found here:

[https://www.faa.gov/uas/recreational\\_fliers/knowledge\\_test\\_updates/](https://www.faa.gov/uas/recreational_fliers/knowledge_test_updates/)

It is also the Individual's responsibility to register the aircraft with the FAA at the link below:

<https://faadronezone.faa.gov/#/>

Each member should carry their TRUST card, Member ID, and AMA card and have their aircraft marked with their FAA Registration # correctly. While the Club does not police the TRUST card and FAA registration, it is a personal requirement.

The Spirit of St. Louis Air Show & STEM Expo will return to the Spirit of St. Louis Airport June 11-12, 2022 and will be headlined by the US Navy Blue Angels in their made-in-Missouri Boeing F/A-18 Super Hornets.

Not an RC photo but a nice shot of a F-14B and F-18F from VF-11 Red Rippers. This was taken in 2005 when the old Busch Stadium was still standing and the new one was still being built.
