### Expenses and Dues

Wayne pointed out the Club budget is managed as end-of-year net-zero; meaning we finish each year Dues minus Expense equals zero dollars leftover. Sometimes, as in 2023, we must tap Club reserves to ensure we make the mark. A lively discussion around the topic took place with questions such as "should dues be raised?", "should we ask for a one-time assessment, if

needed?", etc. Concerns were raised such as "raising dues may cost us members". In the end, it was agreed *no action is necessary* and the Club will evaluate the 2024 spend in Jun-Jul.

Annual can food drive was a SUCCESS. Food items were donated to *Loaves and Fishes for St Louis, Inc.* Receipt submitted to Secretary for filing. Thank you to everyone for your generosity.
